*"Scotland was truly amazing and Adelante's program allowed us to see a lot of the country and learn about their long history and rich culture. We got to interact with the horses every day, whether by riding or for class. Our instructors and the faculty at Oatridge were the nicest people and so helpful in adjusting and learning about Scotland. The other students in the program were fast friends and I wouldn't hesitate to do it all again. Overall, an absolutely wonderful abroad experience."*

**Nadine, Colorado State University. Scotland 2014**

*"Scotland was an absolutely incredible experience! The teachers were extremely generous and resourceful but the campus of Oatridge College itself is beautiful! We were surrounded by rolling hills and meadows. On the weekends, we had opportunities to go into the cities of Edinburgh, Glasgow and St. Andrews and see the Scottish Highlands around Loch Ness. I got to see Edinburgh Castle and cross that off my bucket list! The horse I got to ride though, Big Billy, was definitely the best part of the riding. He was so comfortable to ride and could jump anything I threw at him. Overall, I would sign up for this program again in a blink of an eye."*
